

**Mission:** To be an association that is the recognized leader in promoting collaboration and building capacity within organizations that provide distress and crisis response.

**Vision:** To foster an environment of collaboration and networking while providing universal access to support for individuals in distress and crisis.

## **Distress and Crisis Ontario**

# **Honouring the 215 Indigenous Children Found Buried**

May 31, 2021

Distress and Crisis Ontario stand with our Indigenous brothers and sisters to denounce the State and Church sanctioned abduction of their children. We hear their justified anger that must be turned into action for healing. The National Centre for Truth and Reconciliation has many imperatives that should be actioned with urgency. We must act NOW! How are you going to be involved?

To learn more about how to support the National Centre for Truth and Reconciliation, you can visit their website here: <https://nctr.ca/>

If you are in need of support, the volunteers at our Member Centres are always here to listen. Our Members in Nunavut and Thunder Bay are both well-equipped to support from an Indigenous perspective.
