

**Mission:** To be an association that is the recognized leader in promoting collaboration and building capacity within organizations that provide distress and crisis response.

**Vision:** To foster an environment of collaboration and networking while providing universal access to support for individuals in distress and crisis.

## **Distress and Crisis Ontario**

# **Condemning Islamophobic Hate Crimes**

June 8, 2021

Distress and Crisis Ontario is outraged by yet another hate crime against those who follow the Muslim faith, the latest being the horrific occurrence in London, ON. We stand with our Muslim neighbours – the violence must stop! What can each of us do to expand our world and not shrink it?

If you need support, the Muslim Association of Canada has chapters across the country, including one in London, ON. You can learn more about them here:

<https://www.macnet.ca/>.

If you are witness to a hate crime, you should report it by visiting this link:

<https://reportinghate.ca/>.

The volunteers at our Member Centres are also always here to listen.
